

FTR18-4080HDX

- 18" ferrite subwoofer offers 1000Wrms (AES) continuous power handling and a frequency response of 30Hz-2500Hz**
- 4" high temperature Inside/Outside voice coil efficiently dissipates heat, preventing sensitivity loss through thermal compression**
- Double suspension and a "multi-roll" surround provide exceptional linearity at extremes of cone excursion**
- Intelligent heat management in both chassis and magnet assembly design further minimizes distortion**
- Less than 10kg – very low weight for this product class**
